NAMAN KUMAR SONKER

Cybersecurity Student | VAPT & Application Security | Security Automation

New Delhi, India | +91 9354727215 | namansonker007@gmail.com

linkedin.com/in/namanmic | github.com/nksdev

PROFESSIONAL SUMMARY

Cybersecurity and Digital Forensics undergraduate with hands-on experience in Vulnerability Assessment and Penetration Testing (VAPT), web application security testing, reconnaissance, and security automation. Practical experience using Burp Suite, Nmap, Nessus, Nuclei, and ffuf for penetration testing in controlled, authorized environments. Cybersecurity internship experience at Punjab National Bank, with exposure to Privileged Identity Management, access controls, and the ARCON PIM platform. Strong foundation in HTTP/HTTPS, authentication and authorization testing, Linux, network security, and OWASP-aligned vulnerability analysis.

TECHNICAL SKILLS

Security Tools: Burp Suite; Nmap; Nessus; Nuclei; ffuf; Wireshark; Linux Security Tooling

Application Security & VAPT: OWASP Top 10; XSS; SQL Injection; IDOR / Broken Access Control; Authentication & Authorization Testing; Vulnerability Assessment & Penetration Testing; PoC Development

Security Automation: Python; HTTP Request/Response Analysis; JSON Processing; Vulnerability Scanning Workflows

Enterprise Security: Privileged Identity Management (PIM); Role-Based Access Control (RBAC); Least Privilege; ARCON PIM; Session Monitoring

Core Technologies: HTTP/HTTPS; TCP/IP; DNS; REST APIs; Linux; Git/GitHub; SQL

AI & Research: Python; RAG; Local LLMs; Ollama; TF-IDF; Privacy-Preserving AI

PROFESSIONAL EXPERIENCE

Cybersecurity Intern | Punjab National Bank (PNB), New Delhi, India | May 2026 – Jul 2026

- Worked in an enterprise banking cybersecurity environment with exposure to Privileged Identity Management (PIM), access controls, and enterprise security operations.
- Worked with the ARCON PIM platform, studying privileged-account lifecycle management, role-based access control, and least-privilege principles.
- Analyzed enterprise security workflows and access-control mechanisms within a regulated banking environment.
- Gained exposure to red teaming and application-security concepts as part of the broader cybersecurity internship.

Summer Intern – Legal Metrology | Regional Reference Standards Laboratory (RRSL), Government of India, Faridabad, India | Jun 2025 – Jul 2025

- Executed technical protocols covering mass, volume, length metrology, and time-dissemination systems in a government laboratory environment.

Operations Supervisor | Kamal Sanitation Works, New Delhi, India | Jun 2024 – May 2025

- Managed daily workforce operations, logistics, site inspections, and resource allocation across projects.

Research Intern | Solid State Physics Laboratory (SSPL), DRDO, Delhi, India | Jun 2022

- Conducted research on polarization control in VCSEL within a defense R&D environment.

RESEARCH & TECHNICAL PROJECTS

THE BRAIN AI – Private Knowledge Synthesis Framework | Python | Ollama | RAG | Streamlit | TF-IDF

- Lead author of published research on a privacy-preserving local Retrieval-Augmented Generation (RAG) framework with a fully local, data-isolated pipeline.
- Applied TF-IDF for keyword extraction and knowledge mapping, reporting ~90% accuracy at ~1.8-second latency. Published in IJCRT, 2025.

Adaptive Smart Traffic Control System | IEEE Publication | IoT | OCR | ESP32-CAM | MQTT

- Co-authored an IoT-based adaptive traffic-control system integrating OCR-based emergency-vehicle detection, reporting ~25% reduction in vehicle wait time.

CERTIFICATIONS

Certified SOC Analyst (C|SA) – EC-Council | Verification Number: ECC5138604927

Cybersecurity Fundamentals (CCYF) – Score: 92.3% | April 2026

EDUCATION

B.Tech, Computer Science & Engineering – Cyber Security & Digital Forensics

Sharda University, Greater Noida, India | Aug 2024 – May 2027 (Lateral Entry)

Diploma in Electronics & Communication Engineering

Pusa Institute of Technology, Delhi, India – First Division with Distinction | Jun 2020

Sanitary Inspector Diploma Course

All India Institute of Local Self-Government – Grade: B | Jun 2024
